

Correlation Between Weather and Bicycle Traffic

ADVANCED METHODS OF SOFTWARE ENGINEERING | SOFTWARE-
ANWENDUNGEN MIT KI

Fabian Tritthart, 26th of June 2023

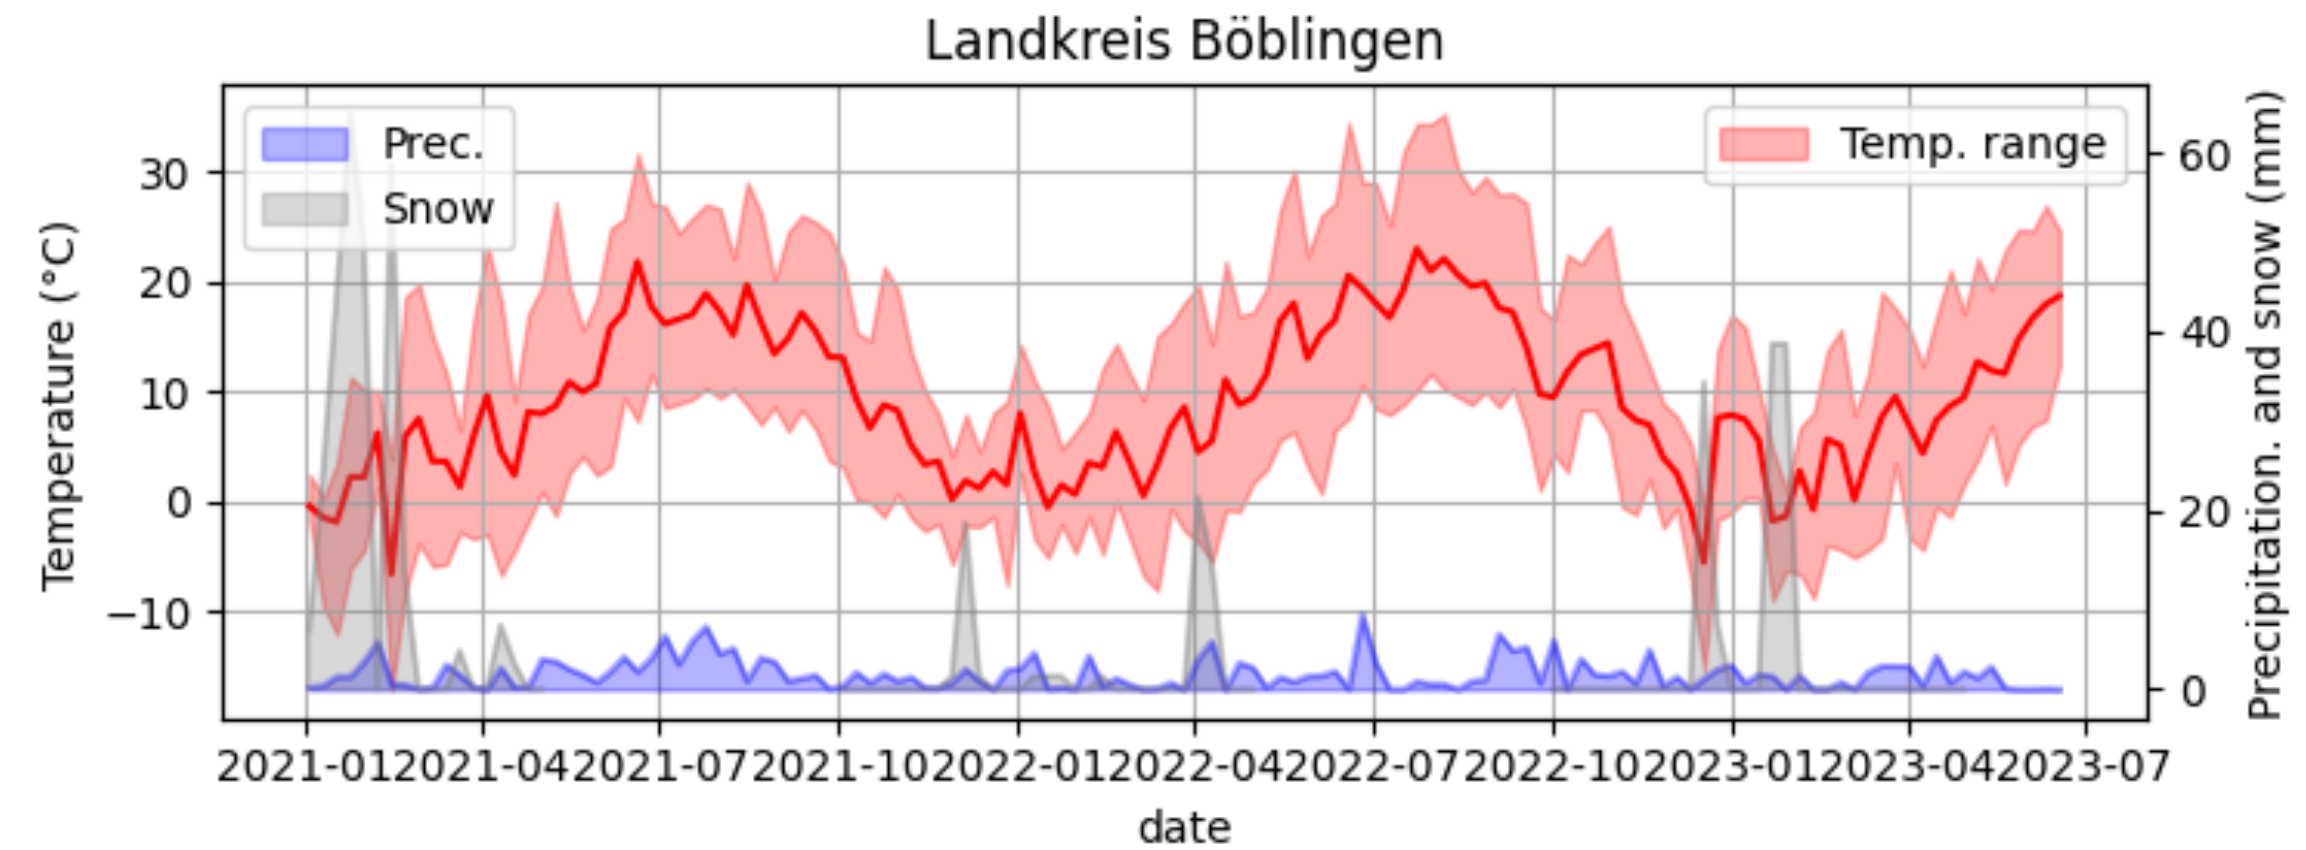

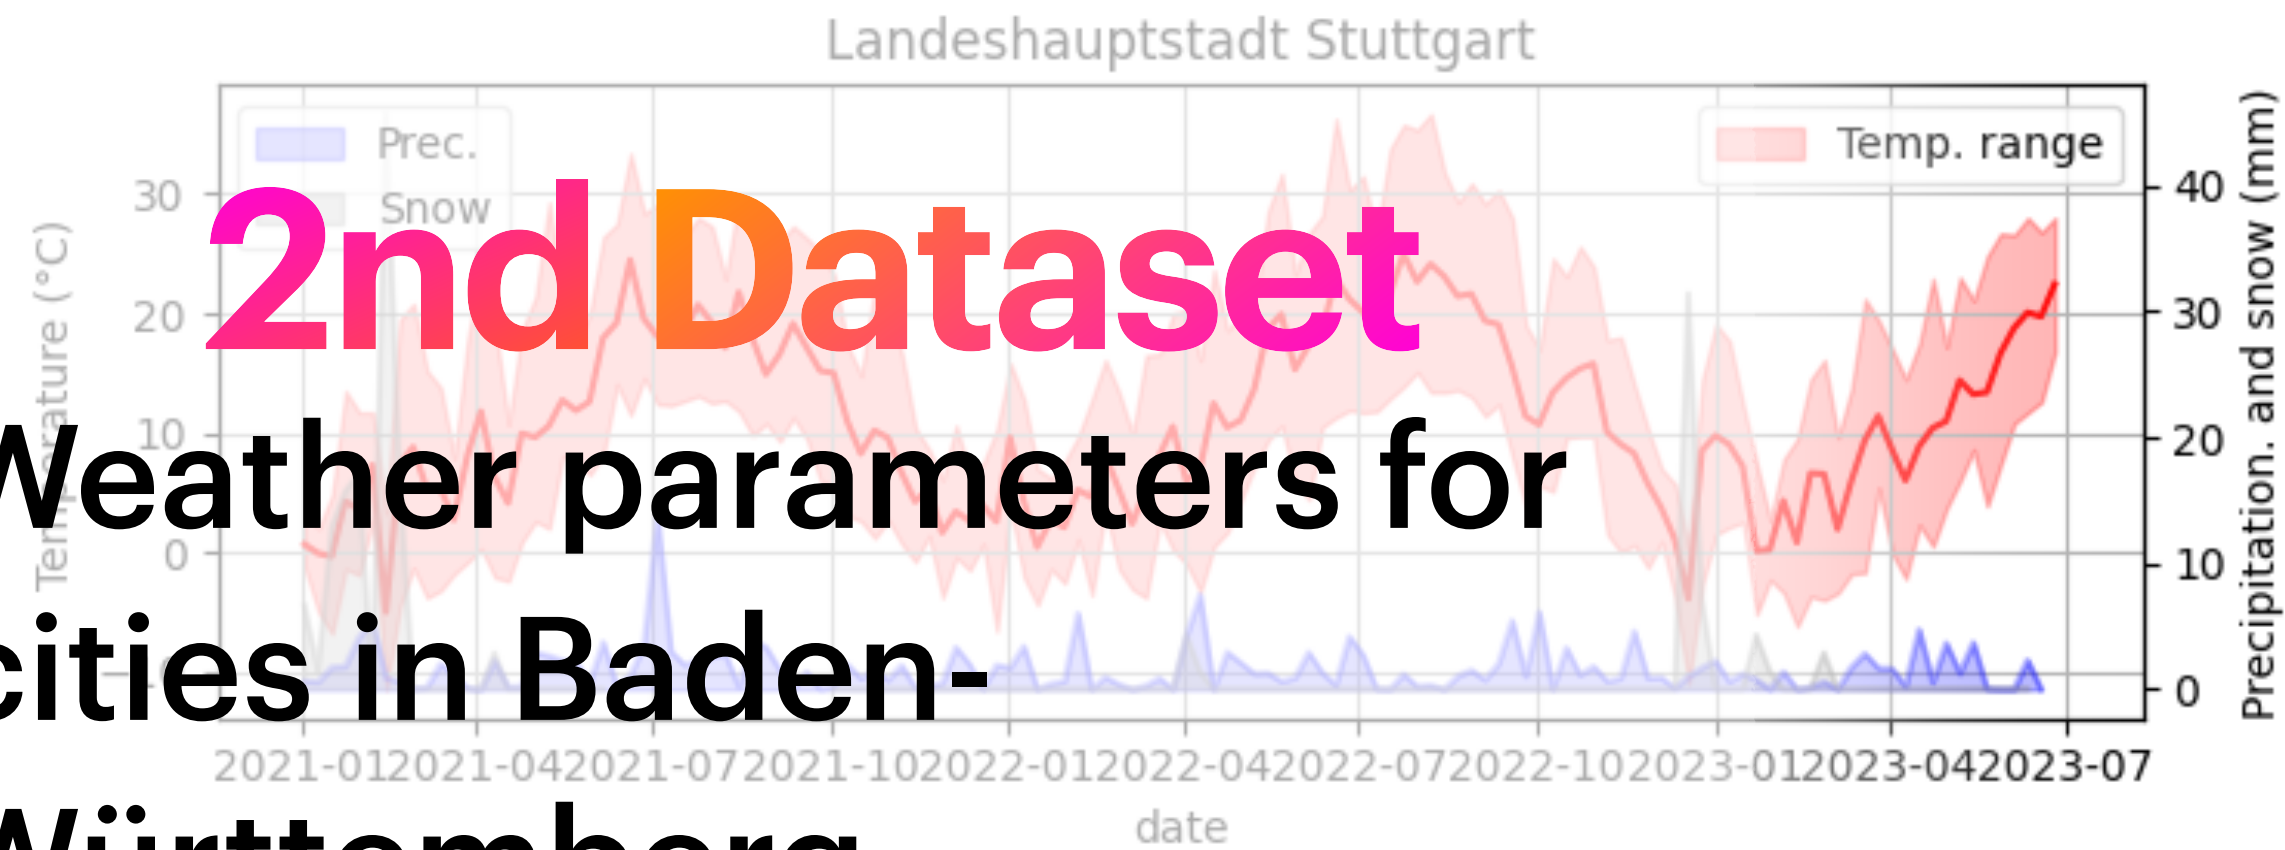

1st Dataset

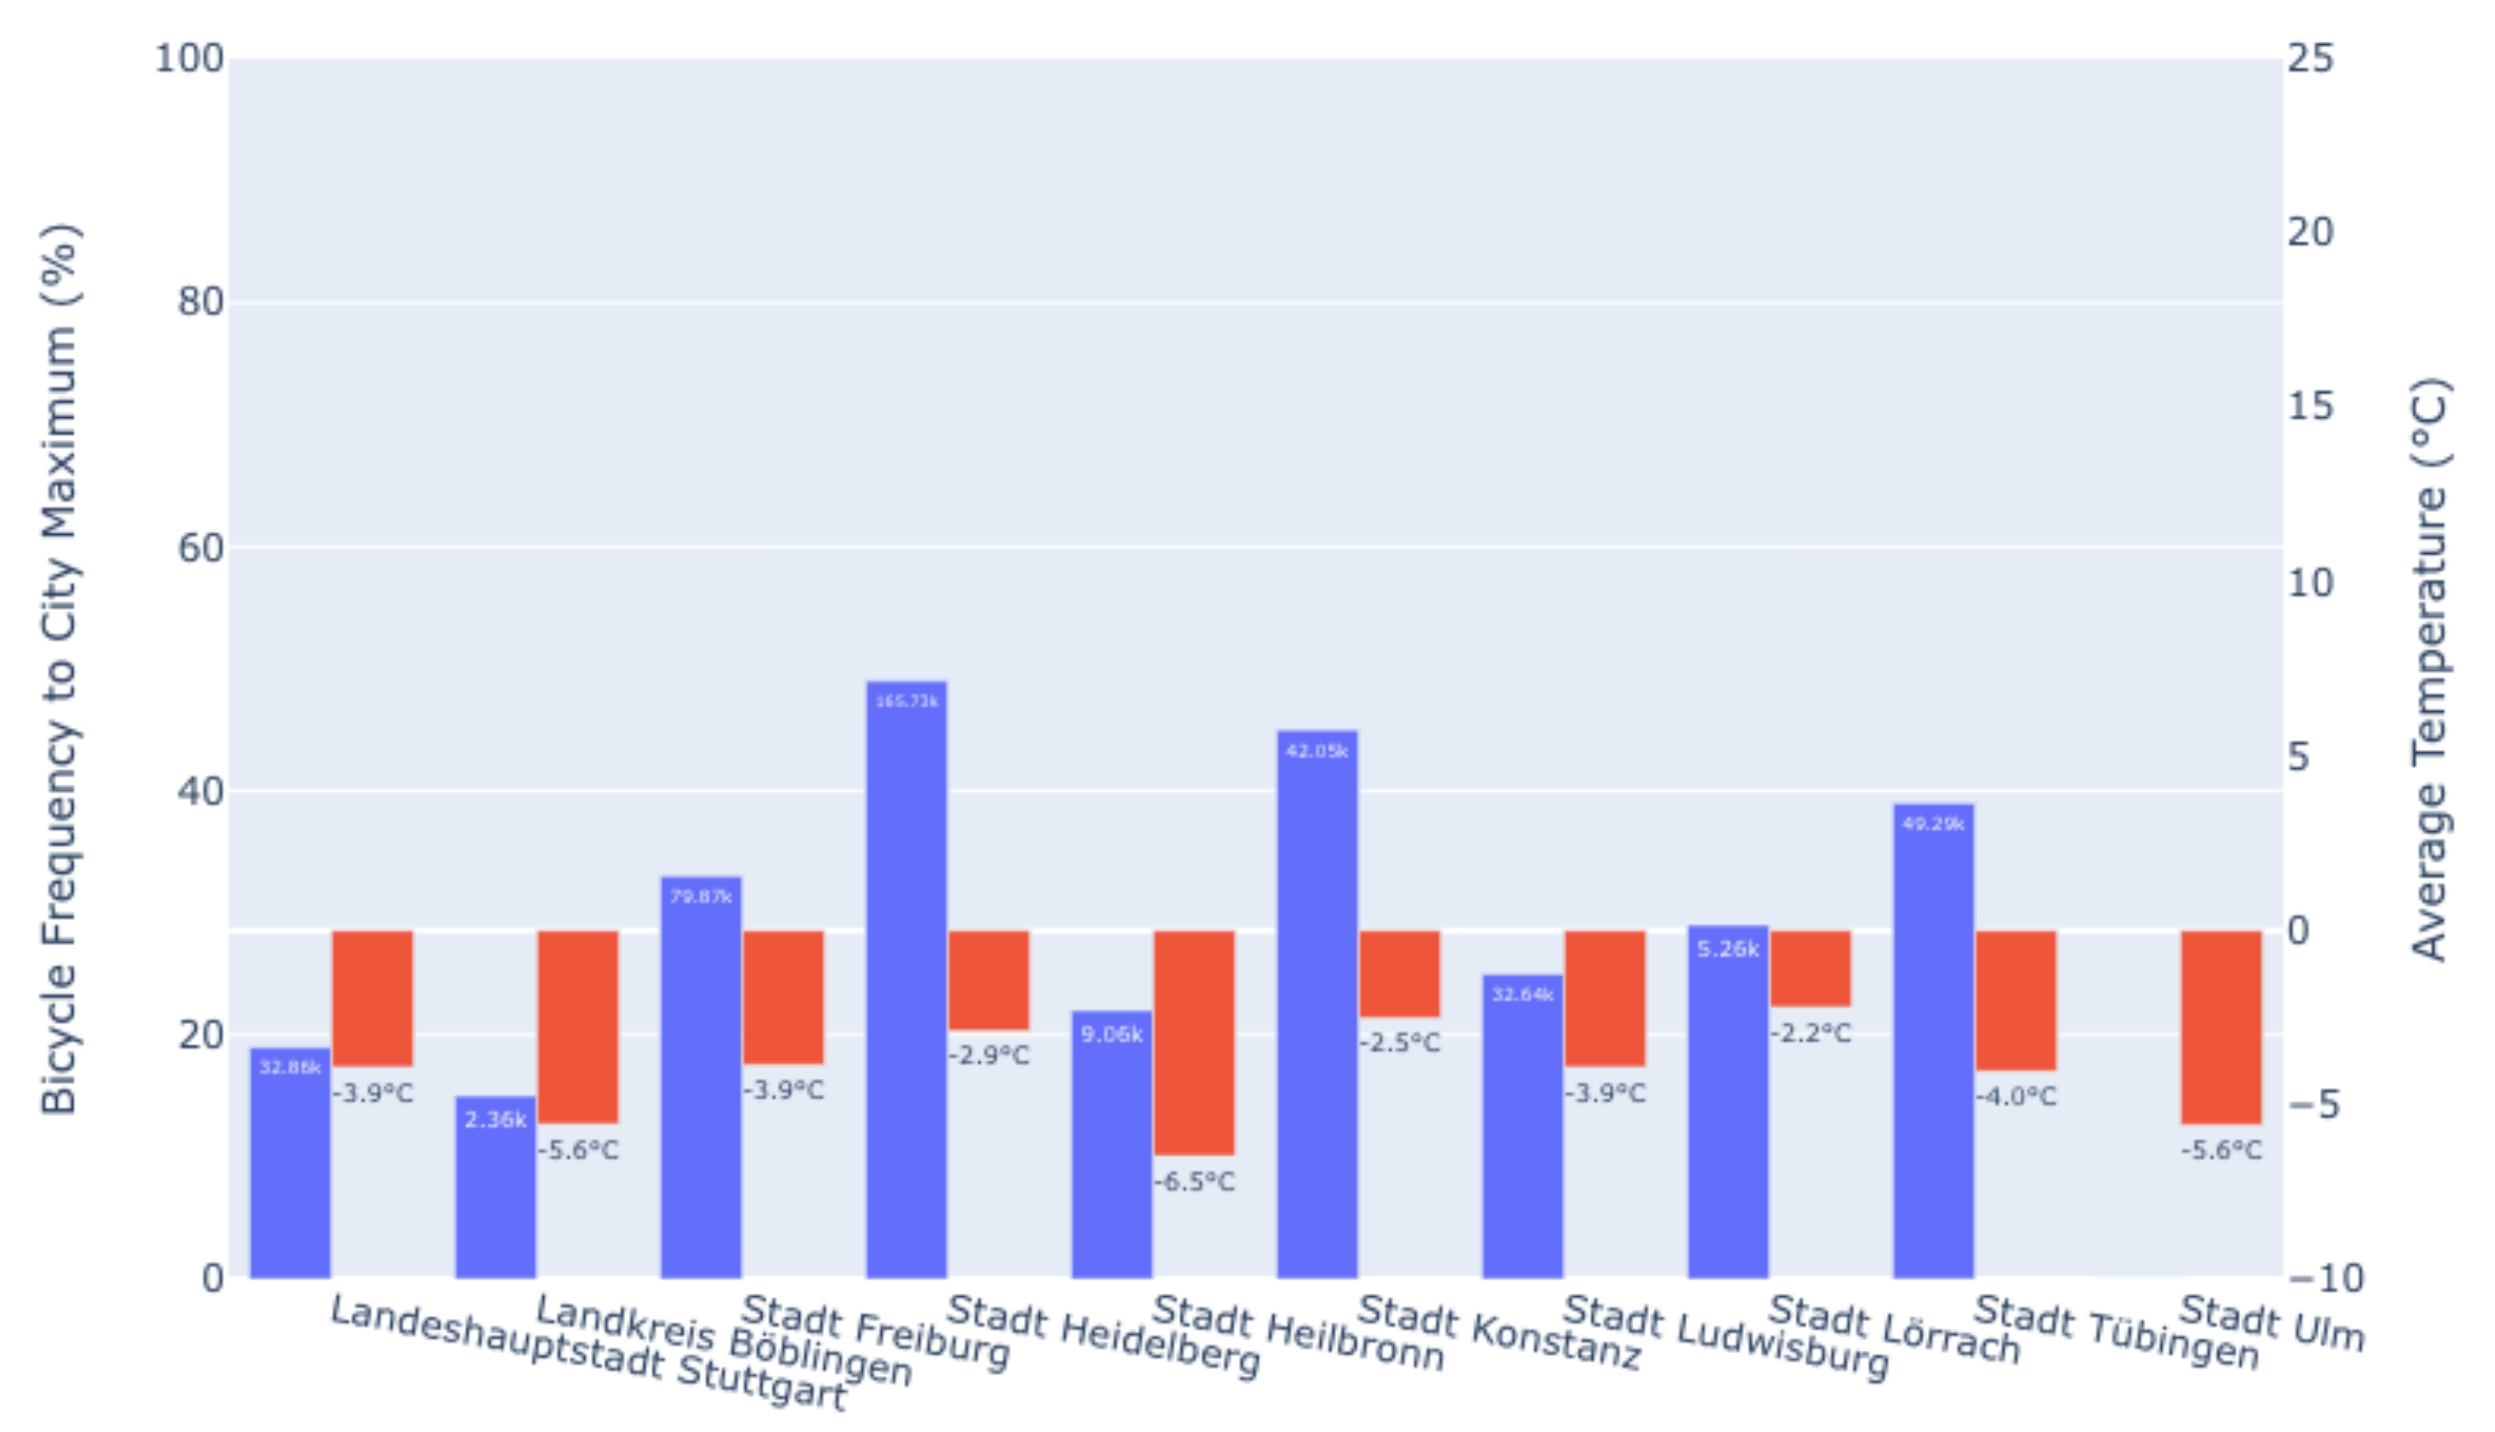

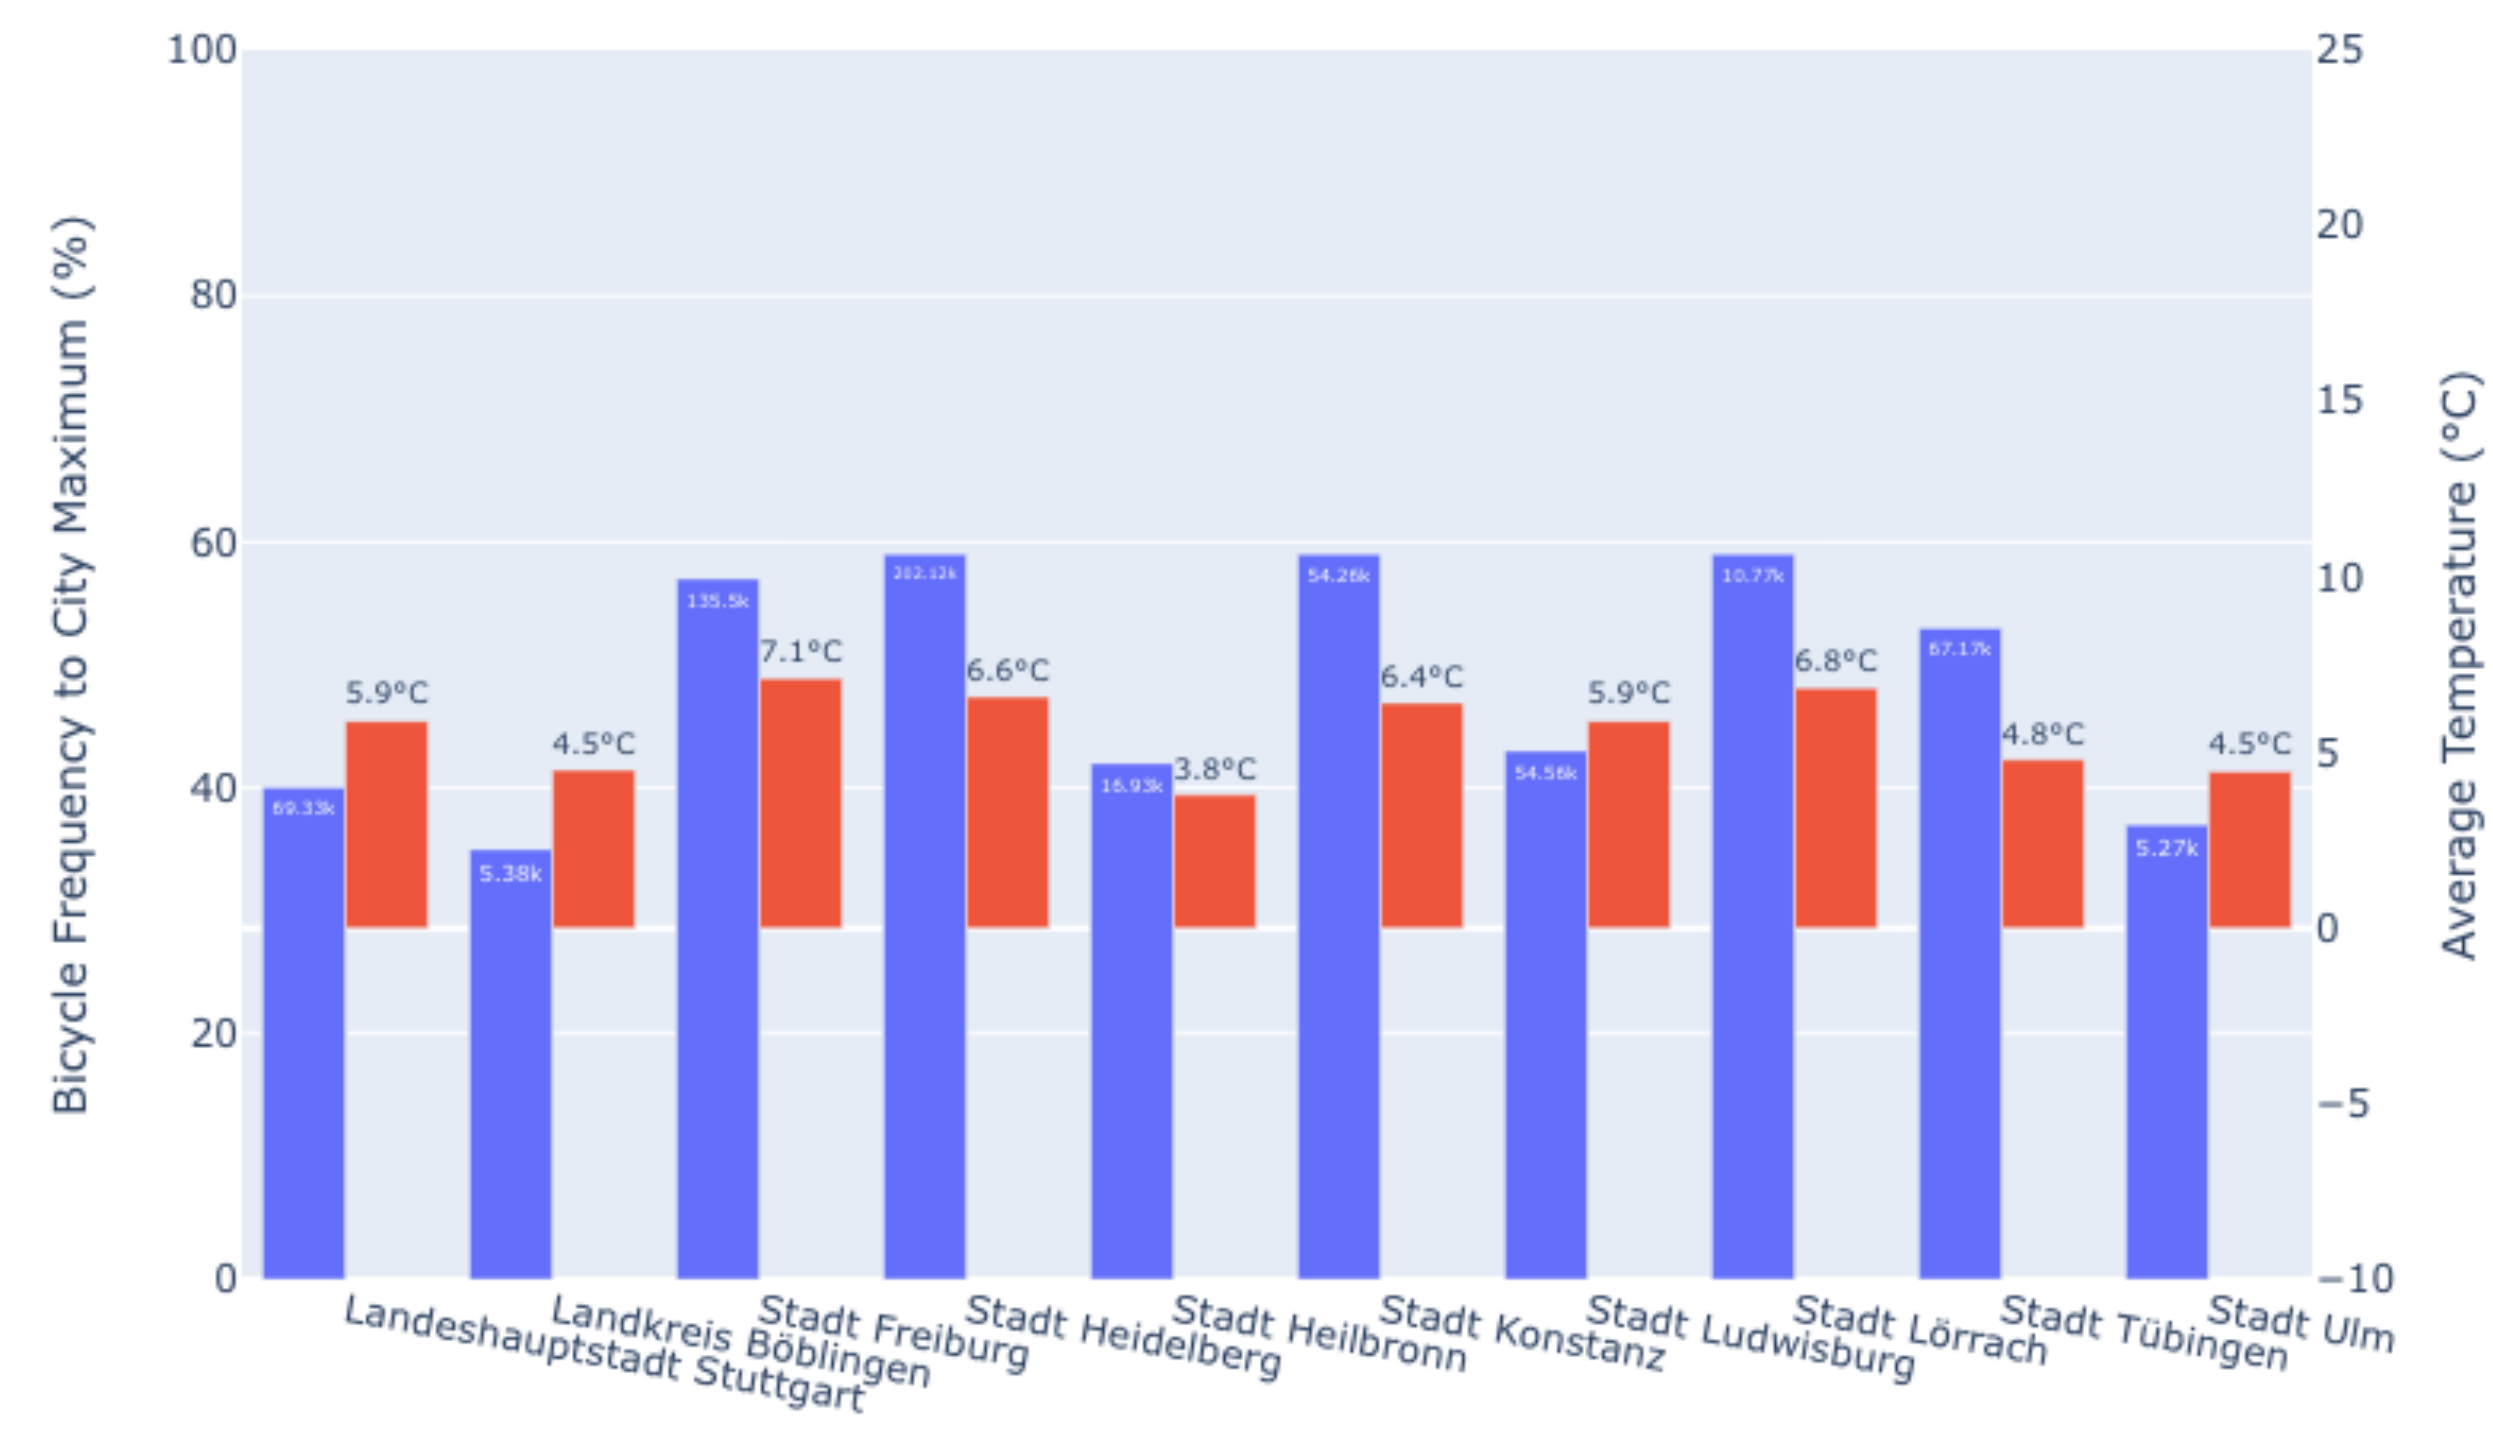

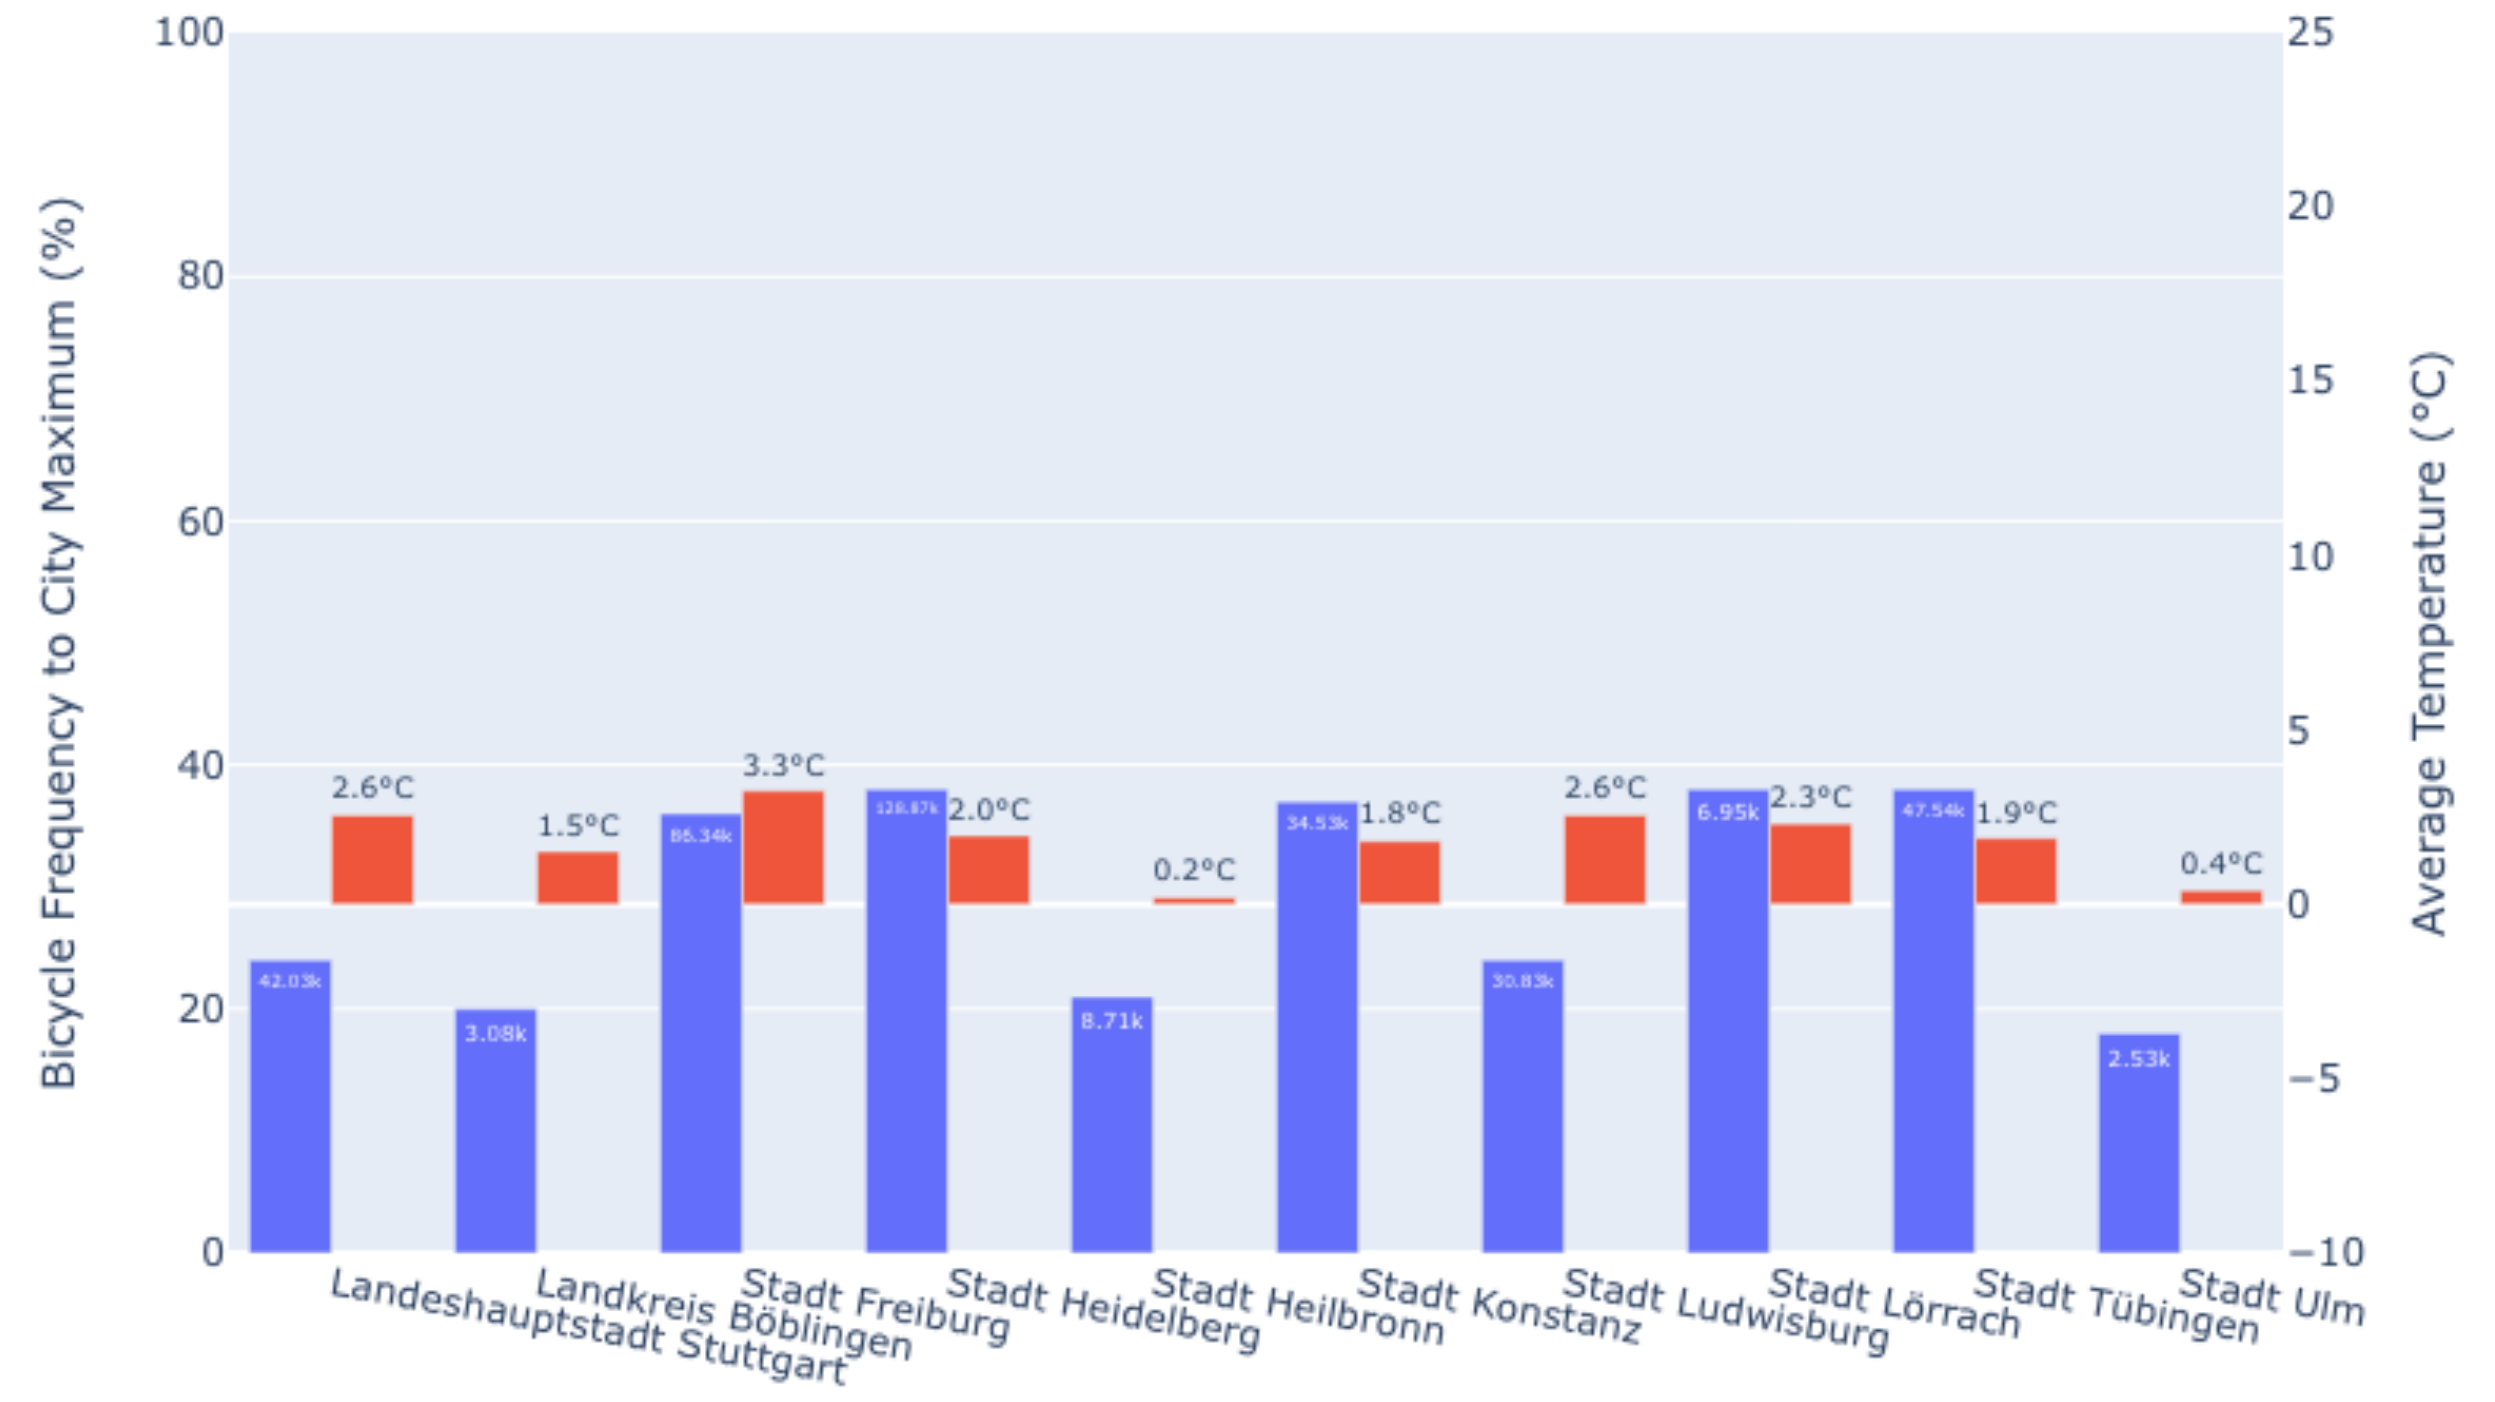

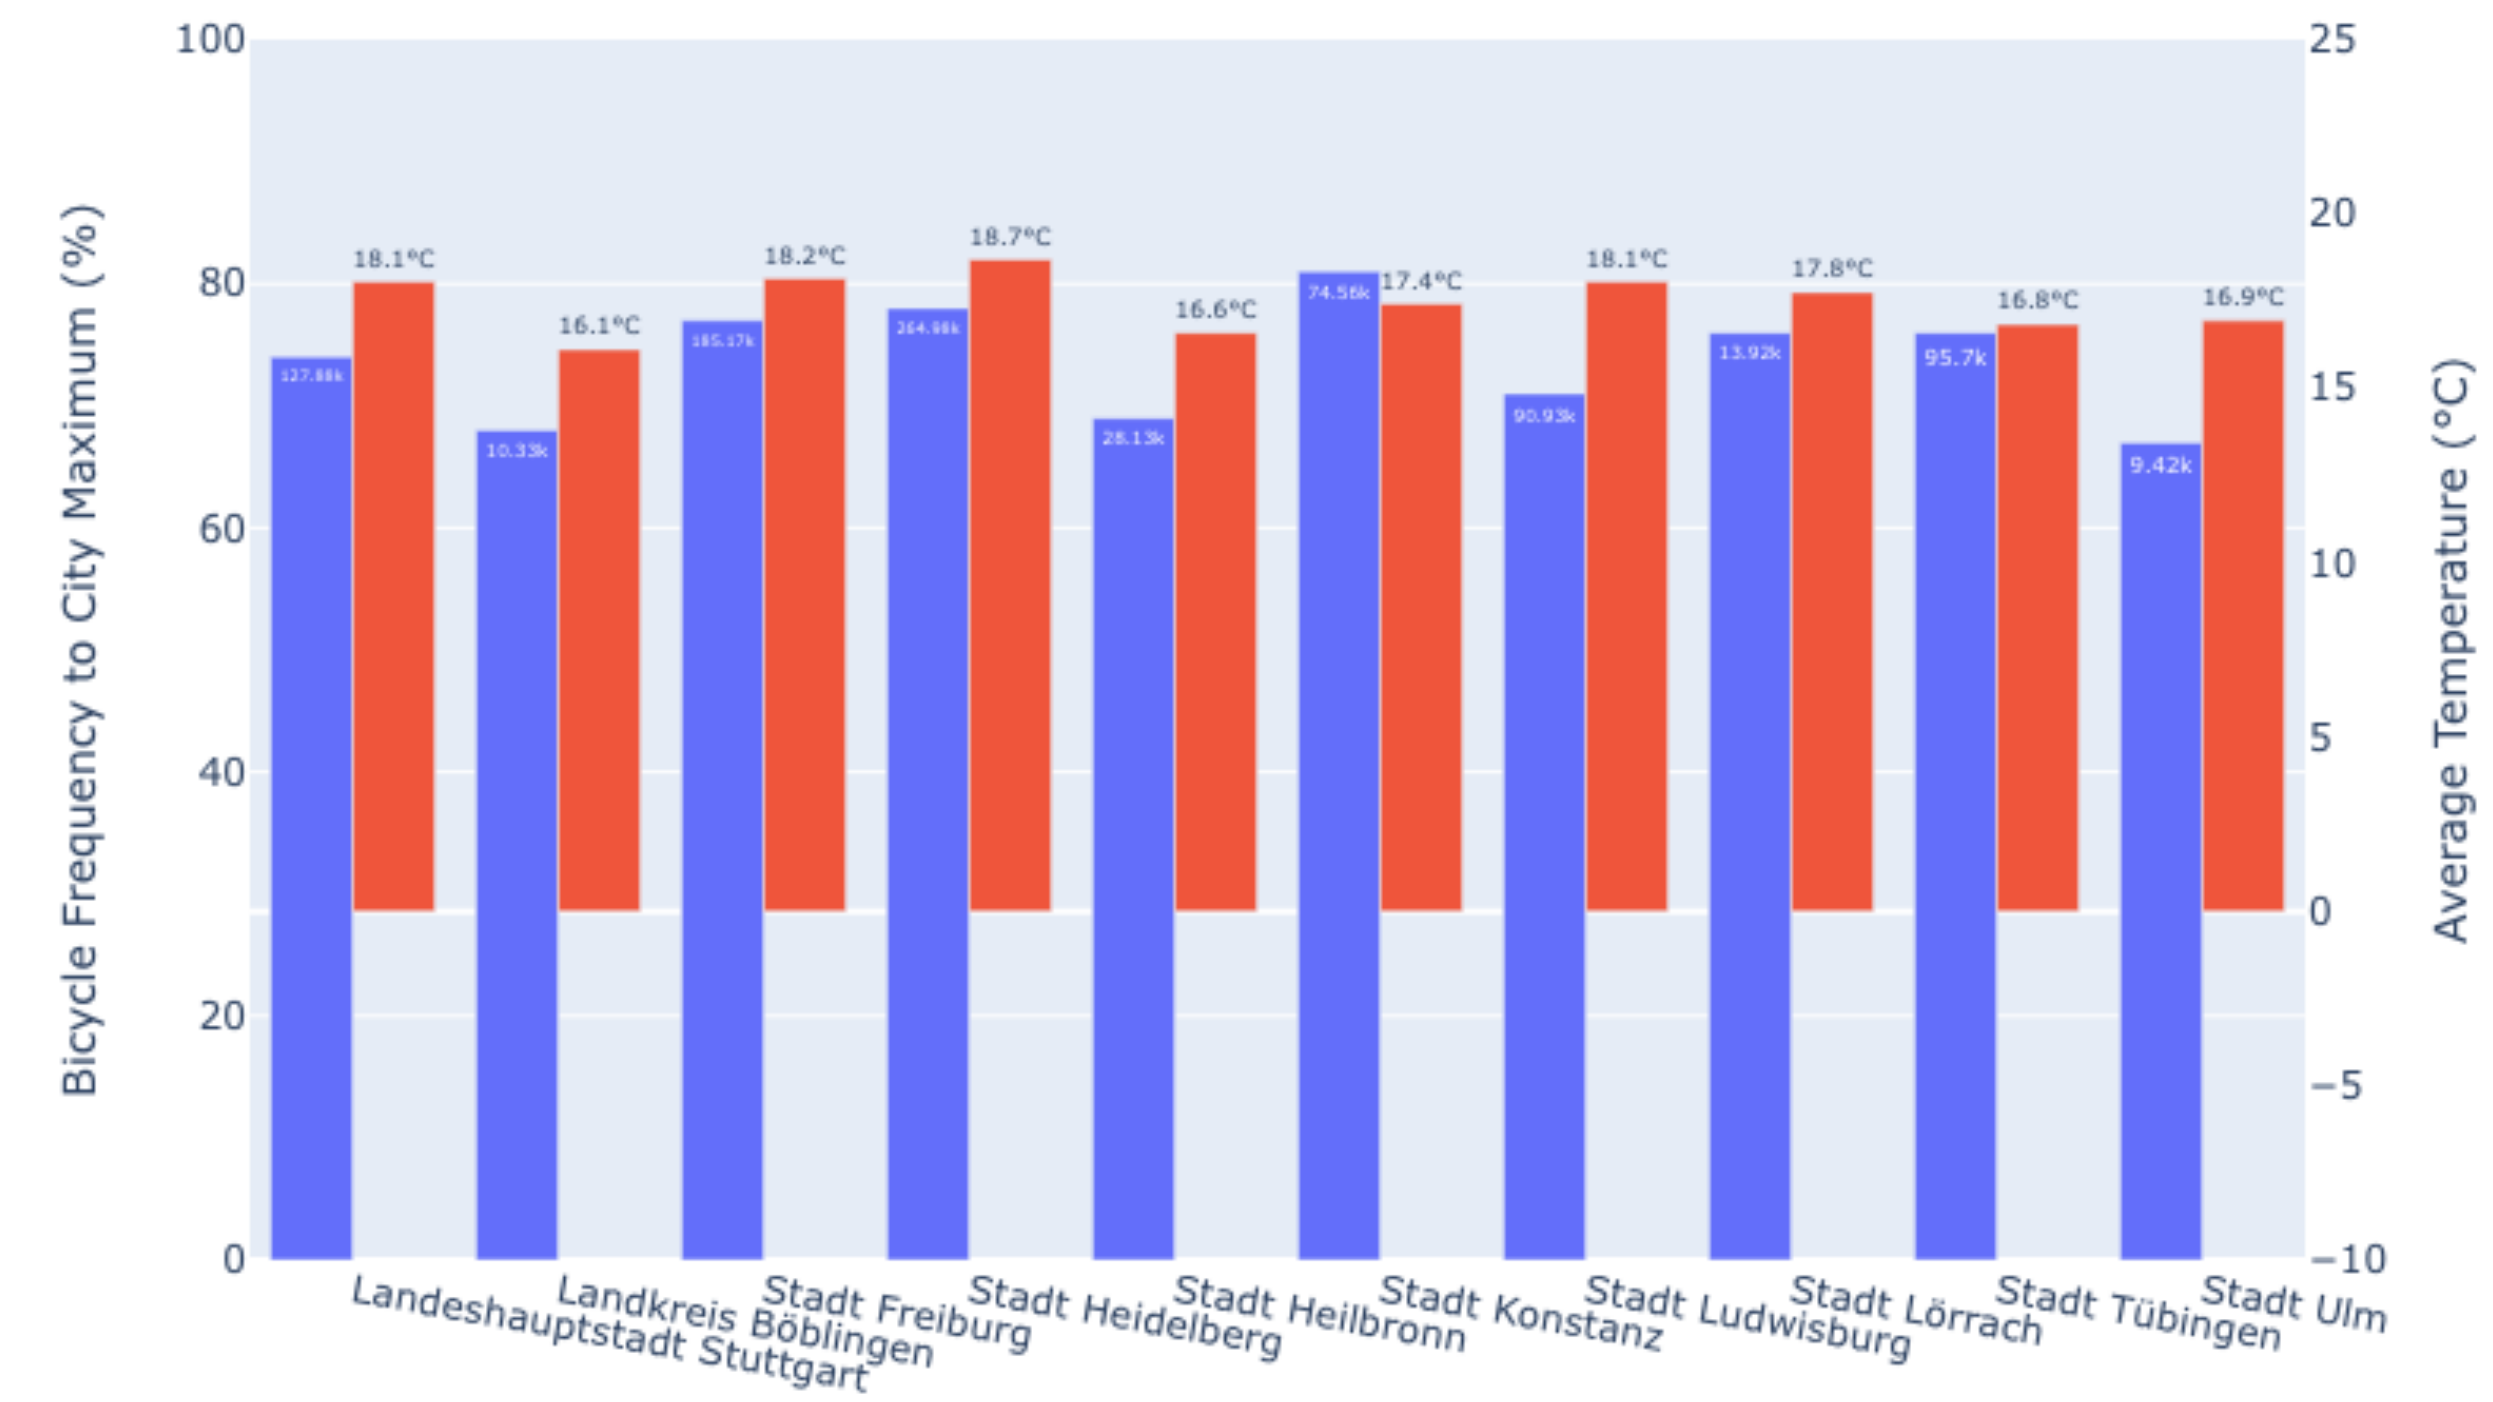

- Bicycle frequencies across Baden-Württemberg
- (Mobilithek)

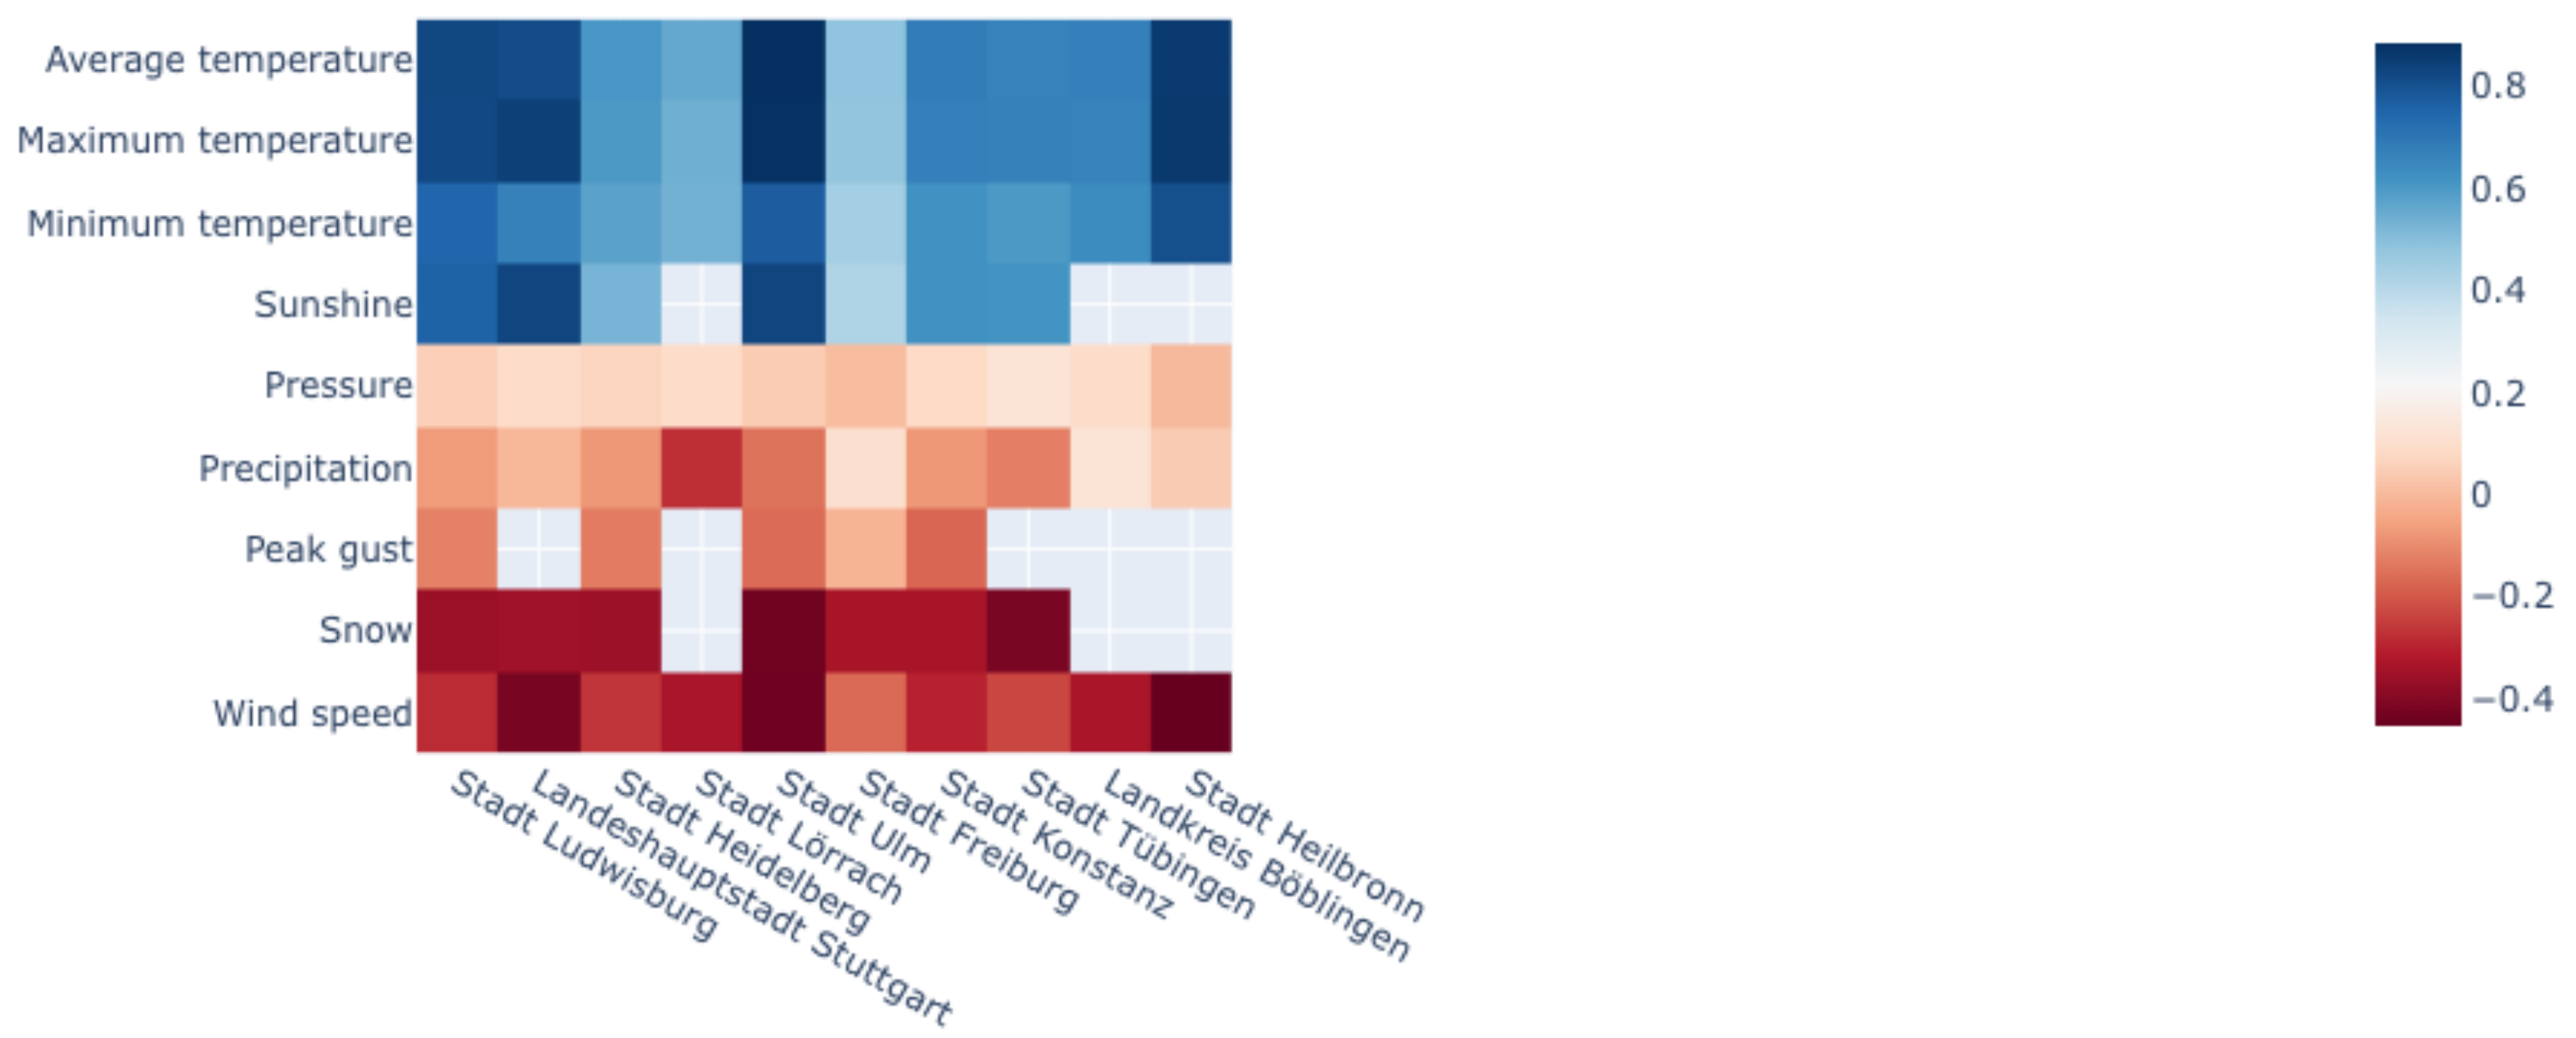

2nd Dataset

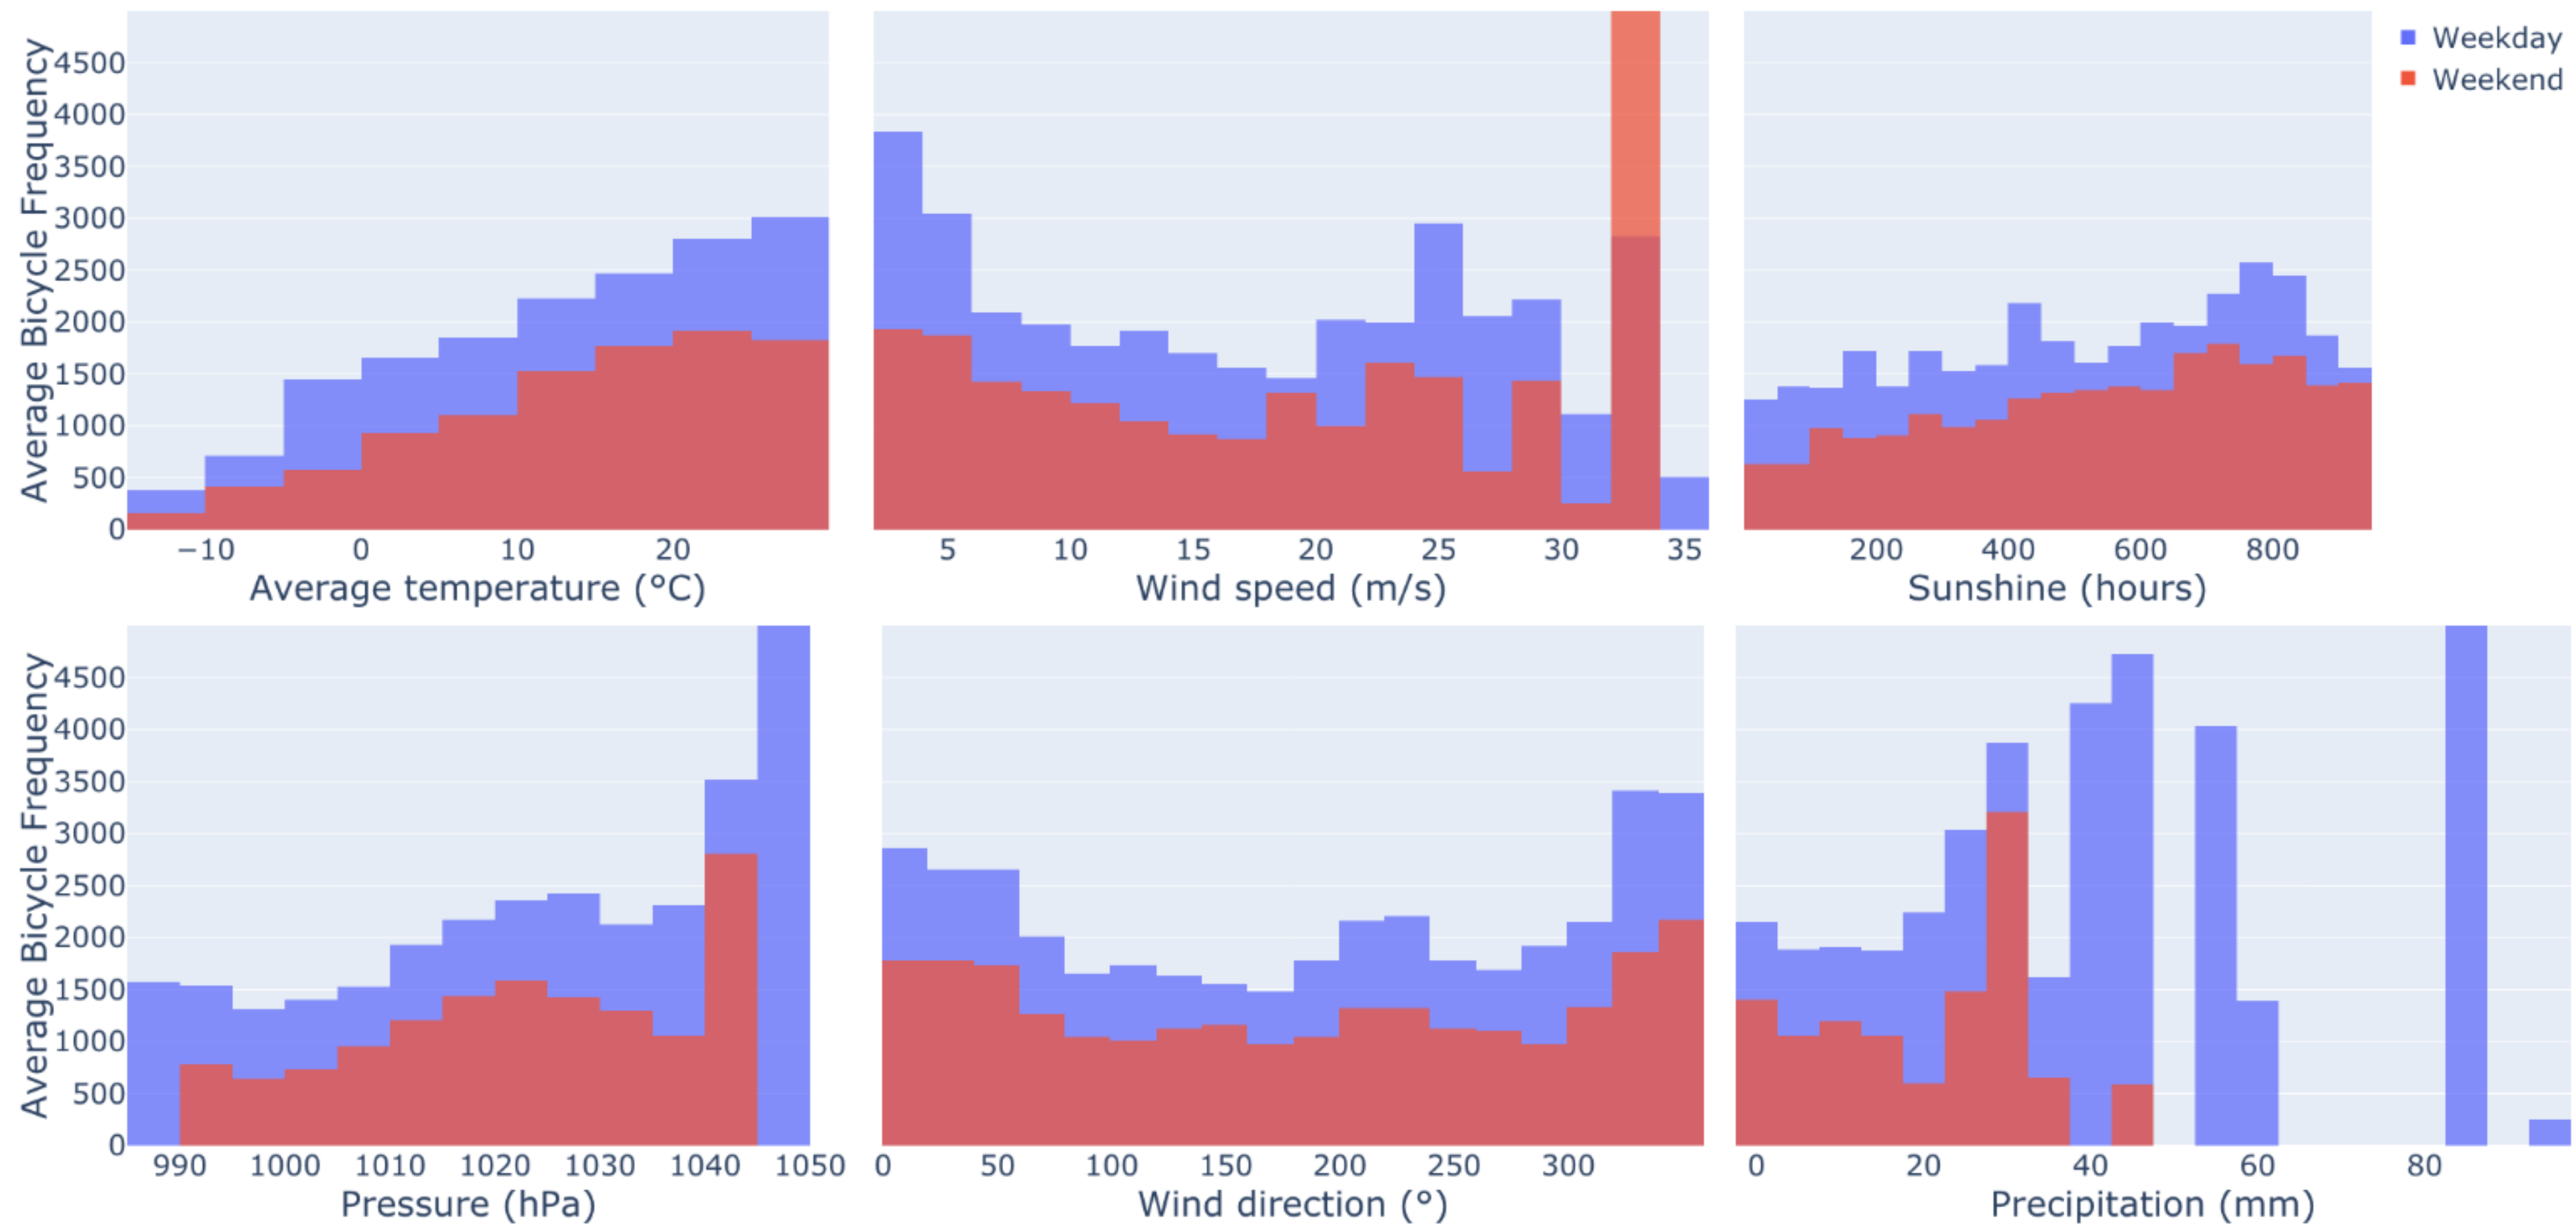

- Weather parameters for cities in Baden-Württemberg
- (Meteostat)

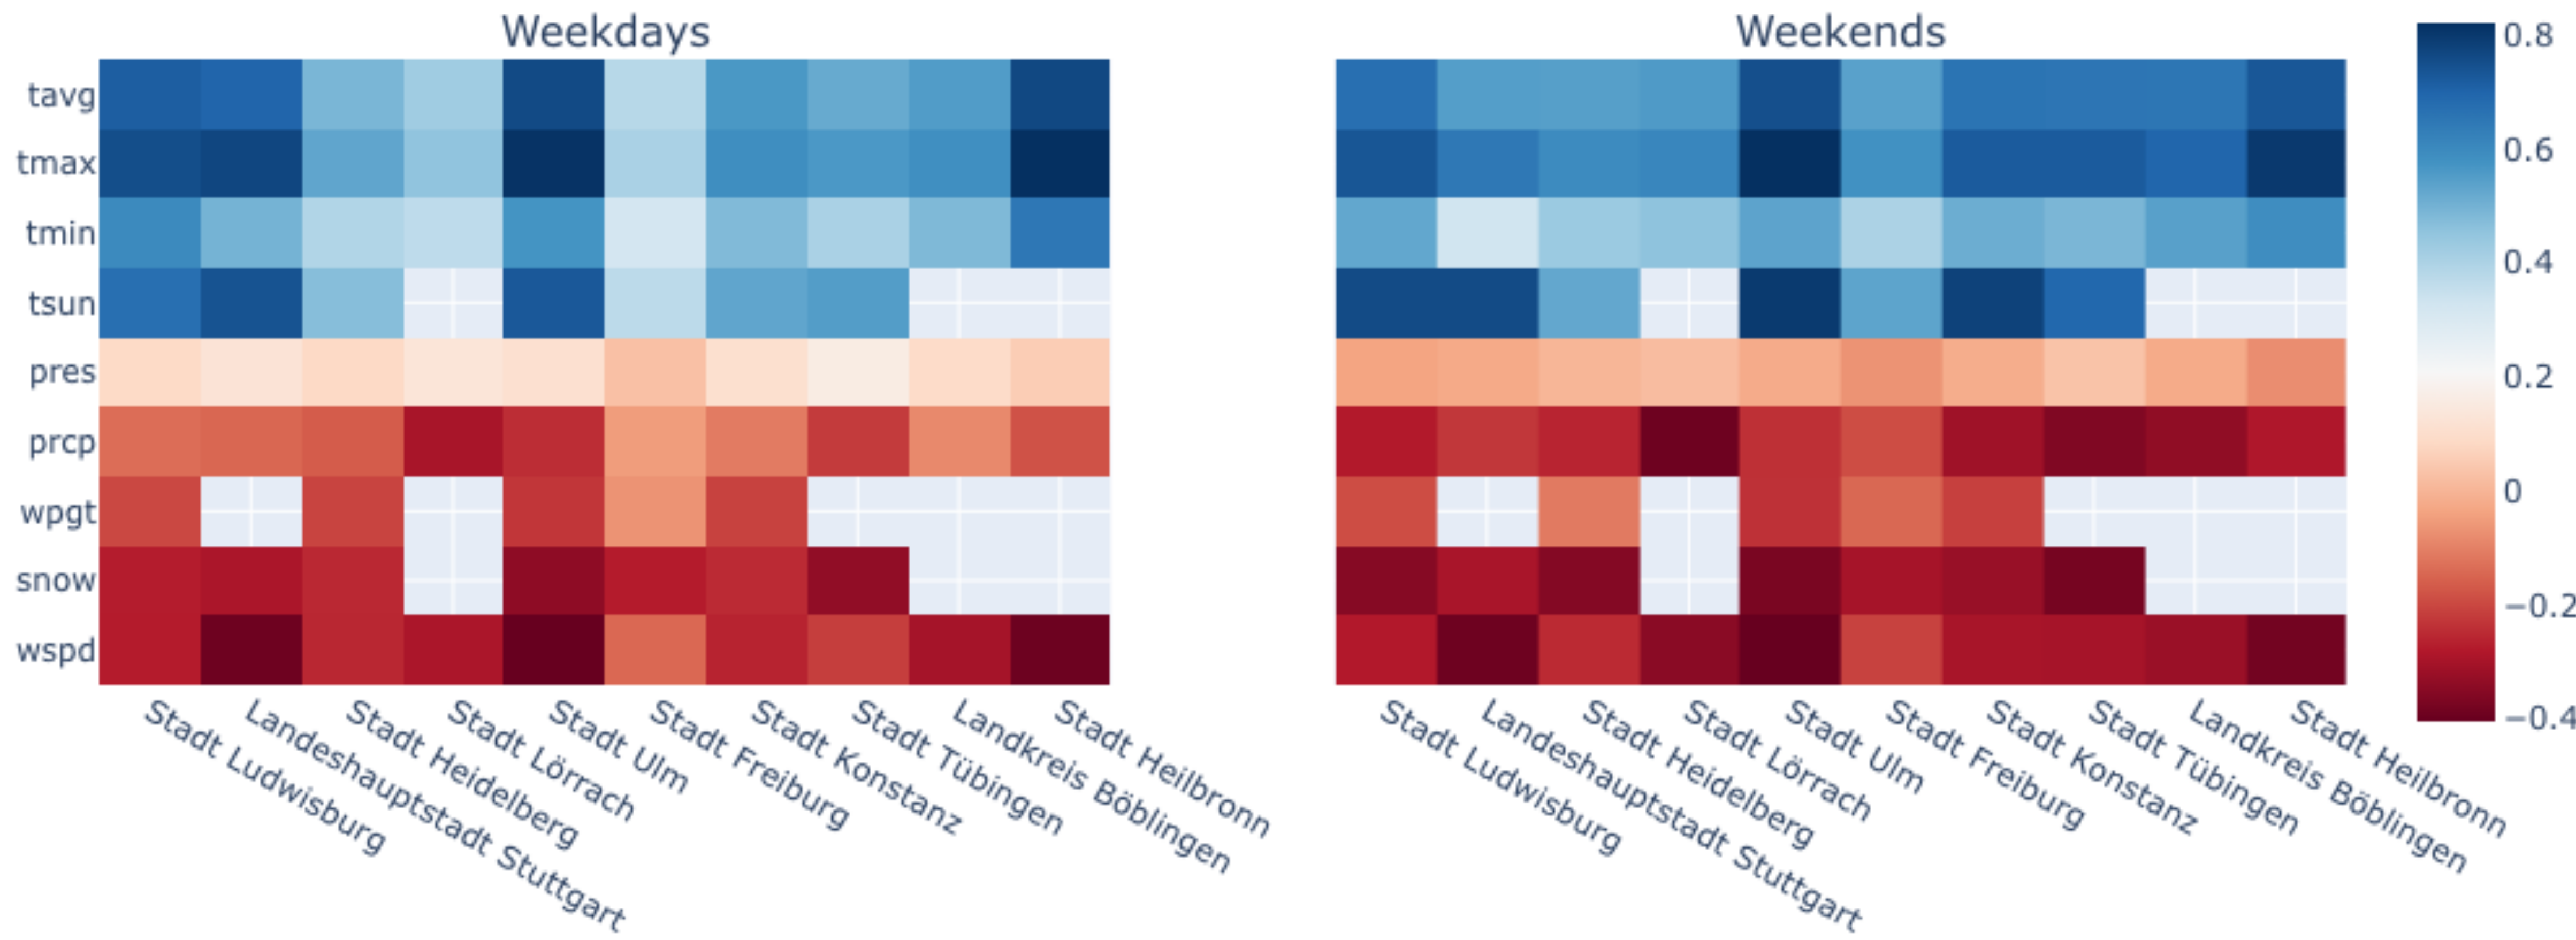

Correlation Between Weather Effects and Bicycle Frequency in Cities (Weighted Average)

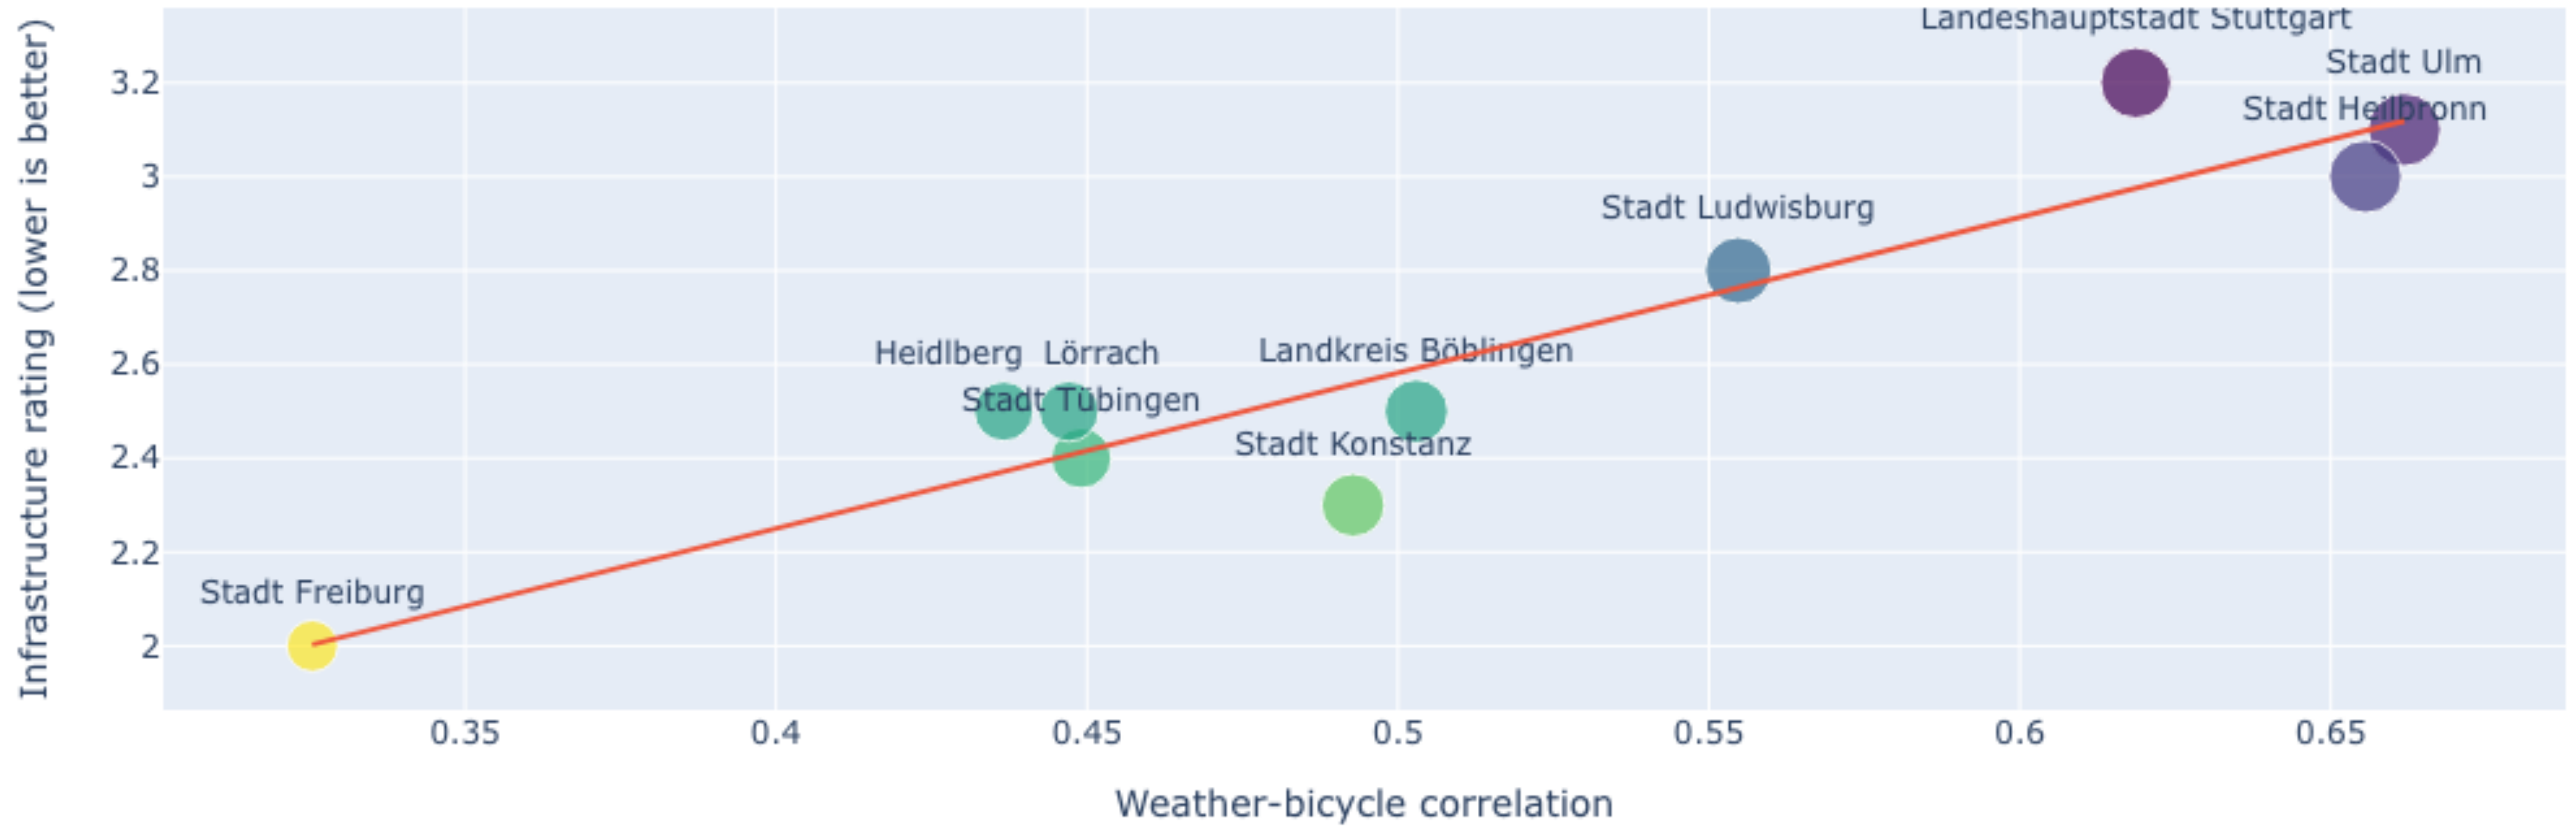

Correlation Between Weather Effects and Daily Bicycle Frequency in Cities (Weighted Average)

corr = 0.94

Thanks!
